Albany School Employees Get Raise in Salary

Salary increases, retroactive to July 1, were awarded all full-time employees of the Albany Unified School District by Board action, Tuesday evening, Oct. 12. Affected by the raise are 144 teachers, administrators and nurses and 44 non-certified employees.

Acting on a joint recommendation of the Albany Teachers' Association, the local school administrators and the California Teachers Association, the Board approved a new salary schedule for all certificated employees and approved a flat 5 per cent increase for those non-certificated employees paid by District funds. (Cafeteria and Child Care Center employees are paid from other sources and were not granted the 5% raise.)

The new teachers' salary schedule, comparing favorably with salaries for like positions and training in the neighboring cities of Berkeley, Oakland and Richmond, calls for a minimum of \$3,700 and a maximum of \$6,690. The new schedule contains five classifications of professional training and experience and 15 annual steps to reach the varying maximums in each of the five classifications.

Salaries of administrators will be governed by the same schedule as in effect last year. Since the schedule is based on ratios related to the maximum teachers' salary, all administrators will receive increases because of the increase of the maximum teachers' salary from \$6,175 to \$6,690. The administrative ratios are in three classifications, determined by professional experience, size of school and other related factors, and extend from 100 per cent of the maximum teachers' salary to 139 per cent.

Yearly salaries for certified employees under the new schedule will amount to \$730,142, a difference of \$35,538 or 4.87 per cent over the old schedule.

The cost of the 5 per cent salary increase for all regularly employed non-certificated employees will be about \$6,500 for the school year.

The instruction cars have been equipped with dual brake and clutch controls developed by the American Automobile Association and supplied at cost by the California State Automobile Association. With these controls, the instructor retains complete control of the car at all times.

Instructors for the courses are Mason Layton and Roland Yourd.

CHARLES M. MACGREGOR, BUILDER OF ALBANY. PASSES AWAY, AGED 83

Albany mourns today the passing of a great man.

Charles M. MacGregor is dead.

He built the first homes in Albany in 1915 and, in the years that followed, constructed more than 1,600 residences here.

Honored in 1936 as "The Great Builder of Albany," he was the central figure of a municipal celebration and was named honorary mayor of the day.

One of the schools of Albany bears his name.

He will long be remembered for his contribution to the progress of the city but he cherished more the tributes of Albany's children who celebrated his birthday each year as "MacGregor Day." There were always movies and candy and ice cream and lots of fun. And just two weeks ago they gathered again to celebrate his 83rd anniversary and they brought snapshots of themselves for his album and greetings to him whom they loved to honor.

His last message was "in type when the news of his death was received. Here was his last message to the children of Albany:

TO ALL THE CHILDREN OF ALBANY!

Thank you for your wonderful birthday greetings and the wonderful pictures of yourselves. I loved hearing from you and seeing you in the pictures, too, and I wish I could thank each one of you personally.

C. M. MacGregor.

Mr. MacGregor's wife, Lena, died Nov. 4, 1951. He is survived by a son, Leighton of Piedmont, and five daughters, Mrs. Charlotte MacGregor Boggs of the family home, 622 Highland Ave.; Mrs. Florence M. Read and Mrs. Dorothy Emlay, both of Piedmont; Mrs. Marion L. Gallott of Marysville, and Mrs. Ethel Davies, wife of an Air Force general now stationed in Mississippi.

Mr. MacGregor was the uncle of Miss Helen MacGregor, for many years personal secretary to Earl Warren, present Chief Justice of the United States, Miss MacGregor is now a member of the California Youth Authority.

CITY COUNCIL SETS UP NEW CODE FOR CYCLE SALE AND USE

There will be no Council meeting next Monday night as members and officials will be attending the League of California Cities Convention in Southern California, October 17-20. The next regular meeting will be on October 25.

An ordinance to regulate bicycles has been approved by the City Council for first reading.

The new law will regulate the operation, registration, licensing purchasing and sale of bicycles. In addition, it provides for a standard of mechanical condition and lists equipment which is necessary before a license will be issued by the chief of police.

Each bicycle must, according to the law, have a warning device, handlebar grips, a stand, and lights if the bike is used after dark. Sirens and whistles are unlawful.

Such things as riding a bicycle on a sidewalk, highway or street, in a group or with passengers are restricted. The ordinance further prohibits trick riding, racing without police or City Council permission and carrying packages which prevent the rider from having full control at all times. Another provision states that every person operating a bicycle shall stop for all arterial highways and traffic signals.

The law will be explained to all youngsters in the city in a booklet that will be printed by the City Council.

The Council passed for first reading an ordinance which permits the police department to tow cars off the streets if they haven't been moved for 120 hours. Cars towed away will be impounded and the owners notified wherever possible.

The Council accepted the recommendation of City Engineer Howard Carter for disposition of housing units at Codornices Village. The method, one of three suggested by the Public Housing Administration, calls for sale of the buildings with the purchaser to dispose of the units in any manner determined suitable.

A resolution was approved extending a "no parking zone" on the west side of Talbot Ave. between Solano and Marin Aves. alongside the Cornell School playground.

Pastor George H. Mueckling announced that the following laymen will participate in this national observance: Charles Bradfield, El Cerrito, will be the Liturgist; Fred Schroth, Berkeley, is the chosen Lector; Meditations on the theme: "The Call of the Lord," will be offered by John Stirling, Albany; Arthur Geach, El Cerrito, and Harrison Wild, El Cerrito, and the General Prayer will be led by Ernest Jacobson, El Cerrito, and Men's Work in the Church will be explained by Orville Loftus, El Cerrito.

If You're Interested
Only in Gold

Our profession is not for anyone interested solely in making money. A good funeral director must have an interest in people, he must be willing to serve in any way, at any time, and he must be prepared to give the best service of which he is capable to those in most modest circumstances just as willingly as he serves those to whom expense is a matter of no importance.

As members of the Order of the Golden Rule, an international affiliation of dependable funeral directors, we are prepared to demonstrate our ability and our desire to render "Service Measured Not by GOLD, But by the GOLDEN RULE." It seems to us that this motto, to which we as members of the Order must and do subscribe, expresses clearly and understandably the very essence of our business cred.

Cubscout Pack Plans UNICEF Trick 'r Treat

Albany Cubscout Pack 7, in swings with other Northern California organizations will make an appeal for an "UNICEF Trick or Treat" for a new style Halloween on October 30.

Cubmaster Dan Colatorti explained that Albany Cubs hope to enhance their own Halloween fun by collecting coins to help buy milk and penicillin for the hungry and sick children of 80 foreign nations instead of collecting treats for themselves.

According to information received here by the Pack 7 UNICEF Director, Mrs. Marge Keck, community groups participating in the plan last Halloween raised \$99,000—enough money to buy 200,000,000 cups of milk. Mrs. Keck will provide "jingle jars," proper insignias and identification for the Cubs. The Pack is certain that Albany will give a heart-warming response to this project.

Committee Chairman Earl Connell, at the October 7 organizational meeting appointed an "Ideas and Things to Make" committee, composed of working mothers, headed by Mrs. Barbara Crandall. Serving with her are the Mesdames R. J. Linhart, Don Porter, Bob Litolfi, Joseph Kantor, Molly Vaughn, Everett Terhune, H. F. Call and Norman Haavik. Mr. Lee Keck was named to work with the crafts and tools department, Raymond Pains as Webelos Den Dad, and Larry Cassell as a prospective Webelos leader.

To be initiated at the Friday, October 15th Pack meeting, "Variety Hoedown" the theme, at 8 p.m. in the Cornell School auditorium are Gary J. Scott, Raymond Matthews, and Charles V. Crosetti. For this meeting Chairman Earl Connell and Cubmaster Dan Colatorti have arranged a "surprise" in the special inspection officials that are to be present.

COORDINATED ACTION URGED BY SCHOOLS TO CURB DELINQUENCY

In many cases juvenile delinquency is a subject for control, not by the school alone, but by coordinated action of a number of agencies.

This is the opinion of the Albany Board of Education, which last Tuesday evening unanimously referred an inquiry from a group of Albany parents to the Albany Coordinating Council, with the request that the school representative on the Council keep the Board advised of any findings and action taken.

The inquiry, in the form of a letter, asked the School Board to help find a solution to keeping Albany juveniles on the high level they now are and to meeting the problem of coping with undisciplined youngsters whose actions tend to tear down the reputation of our schools and our City.

Dr. Philip F. Meads, President of the Board, in speaking of the Coordinating Council, organized last spring on recommendation of the Board, listed the representation on the Coordinating Council as including not only the schools, the Albany Police Department and the Alameda County probation office, but such other agencies as Churches, PTA's and Dads clubs, Recreation Department, Public Health, Federal Housing, Girl and Boy Scouts and Campfire Girls, Service Clubs, Junior Chamber of Commerce and the American Legion Auxiliary.

"Such a Coordinating Council, representing so many agencies," said Dr. Meads, "is a natural organization to consider the problem brought to the Board of Education by local interested parents, and this problem should be channeled to that body. Any other group of agencies that could be appointed by the Board for this purpose would but duplicate the work of the Coordinating Council."

Dr. Meads went on to list the aims of the Council as:

- "To promote cooperation among all organizations interested in the welfare of children and youth and in making the community a better place in which to live;
- "To effect the coordination of community efforts in the development of wholesome family life and good citizenship;
- "To study resources, conditions and needs affecting the welfare of children and youth and of the community itself;
- "To advance the education of all regarding physical, mental, social and spiritual needs as well as available resources; and
- "To secure effective democratic action in improving community conditions and in meeting needs."

It's what does meet the eye that is important to your child as he daily spreads his lunch upon the school desk. A small investment in containers and efficient wrappings to add attractiveness is also an investment in time saving in packing the lunch. Well designed containers can make it easier to vary the menu—now, chili, carried in spoon-mouthed vacuum bottle may accompany sandwiches. Bread, cakes and pastries, so appealing when purchased at the bakery or food shop, are just as inviting at lunch time if protected when carried.

Sandwiches will remain fresh and appealing if the bread is well buttered to prevent fillings from being absorbed, if fresh vegetables—as lettuce—are packed separately and if the sandwich is boxed or wrapped to prevent mashing. This mainstay of the lunch box will carry the major portion of needed protein and energy. Several tasty sandwiches, made with Bologna-Cheese filling, should be included.

Bologna-Cheese Sandwich Filling
1/2 cup ground Bologna 2 tablespoons finely chopped onion
1/2 cup grated sharp cheese 1/4 cup mayonnaise or salad dressing
Combine Bologna, cheese, onion and mayonnaise.
Yield: 1 cup, or filling for 5 sandwiches

The annual Friendship teas given by the Marin P. T. A. are in their second week under the chairman-designated as the "Observance of ship of Mrs. Clyde W. Nottingham the United States Olympic Day." with co-chairman Mrs. Victor C. Brandt.

The teas serve as an excellent means to further acquaint the parents and teachers stressing the P. T. A. goal for better understanding between school and home. As a prelude to the Parent-Teacher conferences in November they acquaint each teacher with the parents of their classroom and in turn give them an opportunity to inform the parents of the planned work and instruction for the following term.

Recent teas honored the mothers of students attending the third grade classes of Miss Clare Chaponet, Mrs. Margarite Horvath and Miss Emily Turner assisted by room mothers, Mrs. E. C. Ray, Mrs. Chesley Reyburn and Mrs. S. N. Nelson.

Parties also introduced Mrs. Janice Stewart, Mrs. Betty Lott and Mr. Vance Teague sixth grade teachers working with Mesdames Herbert Niehaus, P. Gooch and R. C. Taylor.

The final tea for the first week honored mothers of Mrs. Jo-Anne Lattin, Mrs. Elizabeth Danner and Mrs. Patricia Grosser all of the fourth grade. Mothers of these students were welcomed by Mesdames Harold E. Rub, Carl Fosselius and A. A. Radder.

The second week will bring teas honoring fifth grade teachers Mrs. Betty Maynard, Mrs. Clair McGaw and Miss Virginia Cullinane with the co-operation of Mesdames Chas. Stanley, Jack Purcell and C. Hilker.

The last tea for the second week will honor mothers of the seventh grade classes of John Taylor, Alfred Nielson and Mrs. Eloise Cameron with the help of Mrs. Robert Kleinhammer, Mrs. E. M. Blank, Mrs. Richard A. Wreford and Mrs. H. Attfield.

The second grade classes of Mrs. Doris Hamel and Mrs. Marion Har-

athletes representing our country was presented to the Hi-Y Council at last night's meeting and it was agreed that the older members of the Hi-Y Clubs will make an effort to get containers sent by the Olympic Committee filled.

BUY SAVINGS BONDS

"Believe me, it's important to make the right decision — and stick with it!"

SAYS Bill Grieve, VETERAN WORLD SERIES UMPIRE

"There's nothing like umpiring to teach you the importance of making the right decisions — in and out of the ball park," says Bill Grieve. "And one of the best decisions I ever made was the time I started buying Savings Bonds. It's the easiest, surest way in the world to save for your future — and your country's future, too. And nobody's going to throw pop bottles at you for doing that."

Decide now to make your dreams come true — through the Payroll Savings Plan

To join Payroll Savings, just ask your pay office to save out a part of your check before you get it — a few dollars or as much as you want. Then, every payday, it's invested for you — automatically — in U. S. Series E Savings Bonds, and your money really goes to work! Each Savings Bond earns 3% per year, compounded semiannually, when held to maturity. If you sign up

to save only \$3.75 a week, in 5 years you'll have \$1,025.95 cash. In 9 years, 8 months, you'll have \$2,137.30!

Easy to see why 8 million Americans are using the Payroll Savings Plan! Why not join them — today?

If you're self-employed, start the Bond-A-Month Plan where you bank. Pick your plan — and start now!

Saving is simpler than you think — with U. S. Savings Bonds on the Payroll Savings Plan!
